CE Primary School

# **ACCESSIBILITY PLAN**

## REVIEW SHEET

The information in the table below details earlier versions of this document with a brief description of each review and how to distinguish amendments made since the previous version date (if any).

Version Number	Version Description	Date of Revision
1	Original	March 2012
2	Front Cover ONLY updated to take account of revised Statutory Policy Guidance issued by the DfE	January 2013
3	Reformatted only	February 2014
4	Reformatted only	February 2015
5	Reformatted only	May 2017
6	Very minor updates AND 'Date Complete' added to all Action Plans (Appendices)	September 2018
7	Reviewed – links checked	October 2019
9	Reviewed with minor restructuring and updated to include information relating to the Public Sector Equality Duty	September 2023

## 1. INTRODUCTION

The Equality Act 2010 replaced all previous equality legislation such as the Race Relations Act, Disability Discrimination Act (DDA) and Sex Discrimination Act.

The Equality Act 2010 provides a single, consolidated source of discrimination law, covering all the types of discrimination that are unlawful. It simplifies the law by removing anomalies and inconsistencies that had developed over time in the existing legislation, and it extends the protection from discrimination in certain areas.

The law on disability discrimination is different from the rest of the Act in a number of ways. The overriding principle of equalities legislation is generally one of equal treatment. However the provisions in relation to disability are different in that you may, and often must, treat a disabled person more favourably than a non-disabled person.

There are some minor differences around disability in the new Act when compared with the previous legislation.

- The Equality Act does not list the types of day to day activities which a disabled person must be unable to carry out to meet the definition
- Failure to make a reasonable adjustment can no longer be justified. The fact that it must be 'reasonable' provides the necessary test.
- Direct discrimination against a disabled person can no longer be justified (bringing it into line with the definition of direct discrimination generally).
- From September 2012 schools and local authorities will be under a duty to supply auxiliary aids and services as reasonable adjustments where these are not being supplied through a statement of SEND.

As in previous legislation a school must not discriminate against a pupil because of something that is a consequence of their disability.

It is unlawful for a school to treat a disabled pupil unfavourably. Such treatment could amount to:

- Direct discrimination
- Indirect discrimination
- Discrimination arising from a disability
- Harassment

Direct discrimination can never be justified but a school could justify indirect discrimination against a disabled pupil, and discrimination arising from a disability if the discrimination is the result of action that is a 'proportionate means of achieving a legitimate aim'.

## 2. DEFINITION OF DISABILITY

Equality Act 2010: a person has a disability if:

- they have a physical or mental impairment;
- the impairment has a substantial and long-term adverse effect on their ability to perform normal day-to-day activities.

For the purposes of the Act, these words have the following meanings:

- 'substantial' means more than minor or trivial;
- 'long-term' means that the effect of the impairment has lasted or is likely to last for at least twelve months (there are special rules covering recurring or fluctuating conditions);

- 'normal day-to-day activities' include everyday things like eating, washing, walking and going shopping.

People who have had a disability in the past that meets this definition are also protected by the Act

It should be noted that this definition is *not just regarding physical difficulties* but also covers a wide range of:

- Sensory difficulties
- Learning difficulties
- Impairment resulting from, or consisting of, a mental illness

In addition, there is a range of 'hidden impairments' such as

- Dyslexia
- Speech and Language Impairments
- Autism
- Attention Deficit Hyperactivity Disorder (ADHD)

Impairment does not itself mean that a pupil is disabled, but rather it is the effect on the pupil's ability to carry out normal day-to-day activities in one or more of the following areas that has to be considered:

- Mobility
- Manual dexterity
- Physical coordination
- Continence
- Ability to lift, carry or otherwise move everyday objects
- Speech, hearing or eyesight
- Memory or ability to concentrate, learn or understand
- Perception of risk of physical danger

#### **Progressive conditions considered to be a disability**

There are additional provisions relating to people with progressive conditions. People with HIV, cancer or multiple sclerosis are protected by the Act from the point of diagnosis. People with some visual impairment are automatically deemed to be disabled.

#### **Conditions that are specifically excluded**

Some conditions are specifically excluded from being covered by the disability definition, such as a tendency to set fires or addictions to non-prescribed substances.

### **3. REASONABLE ADJUSTMENTS**

We have a duty to make reasonable adjustments for disabled pupils:

- When something we do places a disabled pupil at a substantial disadvantage to other pupils, we must take reasonable steps to avoid that disadvantage;
- We will be expected to provide an auxiliary aid or service for a disabled pupil when it would be reasonable to do so, and where such an aid would alleviate any substantial disadvantage the pupil faces in comparison to his non-disabled peers.

A failure to make a reasonable adjustment can no longer be justified. The test is whether the adjustment is reasonable, and if it is then there can be no justification for why it is not made. We will not be expected to make adjustments that are not reasonable.

The Act does not set out what would be a reasonable adjustment or a list of factors to consider in determining what is reasonable, however, the Equality and Human Rights Commission (EHRC) provides further guidance in its publication [EHRC Reasonable adjustments for disabled pupils](#). It will be for us to decide the reasonableness of adjustments based on the individual circumstances of each case. Factors

to consider may include the financial or other resources available, the effectiveness of the adjustment, its effect on other pupils, health and safety requirements, and whether aids have been made available through the SEND route.

The reasonable adjustments duty is intended to complement the accessibility planning duties, and the existing SEND statement provisions, under which Local Authorities have to provide auxiliary aids and services where a statement details that provision. When a disabled pupil does not have a statement of SEND (or the statement does not provide the necessary aid) then the duty to consider reasonable adjustments and provide such auxiliary aids will fall to the school.

Under the Equality Act we do not have a duty to make alterations to the physical environment though we should be planning to do so as part of our accessibility planning.

#### **4. PUBLIC SECTOR EQUALITY DUTY (PSED)**

The Public Sector Equality Duty (PSED) (section 149 of the Equality Act) came into force on 5 April 2011. The Equality Duty applies to public bodies (including schools) and others carrying out public functions. It supports good decision-making by ensuring public bodies consider how different people will be affected by their activities, helping them to deliver policies and services which are efficient and effective; accessible to all; and which meet different people's needs.

The PSED is supported by specific duties, set out in regulations which came into force on 10 September 2011. The specific duties require public bodies to

- publish relevant, proportionate information demonstrating their compliance with the Equality Duty at least annually; and
- set and publish measurable equality objectives, at least every four years.

All information must be published in a way which makes it easy for people to access it and the published information must show that the public body had due regard to the need to:

- eliminate unlawful discrimination, harassment and victimisation and any other conduct prohibited by the Act;
- advance equality of opportunity between people who share a protected characteristic and people who do not share it; and
- foster good relations between people who share a protected characteristic and people who do not share it.

These are generally described as the three aims of the Equality Duty. Our accessibility plan has been developed to help us to effectively meet our obligations under the PSED and ensure that users of our service who have a disability are not disadvantaged when accessing our curriculum, physical environment or the information which we provide.

#### **5. AIMS OF THE ACCESSIBILITY PLAN**

We strive to ensure that the culture and ethos of the school are such that, whatever the abilities and needs of members of the school community, everyone is equally valued and treats one another with respect. Pupils should be provided with the opportunity to experience, understand and value diversity.

In St Thomas's C E Primary School, we have a commitment to equal opportunities for all members of the school/setting community and our Accessibility Plan outlines our intention to remove barriers for disabled pupils and to:

- increase the extent to which disabled pupils can participate in the different areas of the national curriculum, increase access to extra-curricular activities and the wider school curriculum;
- improve the physical environment of school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided; and
- improve the availability of accessible information to disabled pupils.

This Accessibility Plan will begin the process of addressing the needs of disabled people through specific targets. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

The Action Plan for physical accessibility relates, in part, to the Asset Management Plan (access section) of the School, which is undertaken regularly by the Local Authority. It may not be feasible to undertake some of the works during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans. The Plan will be revisited prior to the end of each first three-year plan period in order to inform the development of the new Plan for the following period.

## 6. KEY OBJECTIVES

The key objectives of our Accessibility Plan are as follows:

- To reduce and eliminate barriers to access to the curriculum and to full participation in the school/setting community for pupils, and prospective pupils, with a disability.
- We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
- We are committed to providing all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles; and we endorse the key principles in the National Curriculum Framework ([Click here to access](#)) which underpin the development of a more inclusive curriculum:
  - setting suitable learning challenges;
  - responding to a pupil's diverse learning needs;
  - overcoming potential barriers to learning and assessment for individuals and groups of pupils.

## 7. CONTEXTUAL INFORMATION

St Thomas's C E Primary School is a VA school located in the North of Kendal just off Kendal Green. We currently have over 200 children on roll aged between 3-11. The 2 storey school was built in 1960 which has 6 exits on the ground floor. We have disabled parking and are accessible for wheelchairs. The school has a disabled toilet/shower room. We are fortunate to have woodland, playing field and playgrounds for the children to enjoy. A Children's Centre is based on our school site.

## 8. DEVELOPMENT OF THE PLAN

### 8.1 Vision and Values

St Thomas's Primary School:

- has high ambitions for its disabled pupils and expects them to participate and achieve in every aspect of school life;
- is committed to identifying and then removing barriers to disabled students in all aspects of school life;
- values the individual and the contribution they make to all aspects of school life;
- will strive to ensure that its disabled pupils have access to all areas of the curriculum and teaching resources so as to develop fully in their education;
- acknowledges a commitment to embrace the key requirements set out in the National Curriculum Inclusion Statement;
- will continue to focus on removing barriers in every area of the life of the school;
- is committed to embracing equal opportunities for all members of the school community.

## 8.2 Information from Pupil Data and School Audit

St Thomas's C E Primary School is a vibrant single form entry Voluntary Aided Church of England primary school with over 200 children currently on roll. Our families come from a broad range of backgrounds and we pride ourselves on our shared commitment to each other and our school. We focus on nurturing our children as individuals, encouraging self-belief, achievement and success.

The percentage of pupils eligible for Pupil Premium is 20% and school provides 63% of children in school with FSM which includes children entitled to UIFSM. Approximately 15% of all pupils in School are currently on the school's SEN register, with 3% of children having an EHCP. This is broadly in line with national averages, however these figures can fluctuate depending on the cohorts Thomas's Primary School.

The school, as at the start of the academic year 2023, has the following number of pupils regarded as disabled under the terms of the DDA:

- 3 children with hearing impairment
- 5 children with an EHCP
- 1 child with Down Syndrome
- 2 children with type 1 diabetes

Our annual development plan takes into account the needs of our diverse student population as well as the needs of its wider community. Any students with a disability currently in feeder nurseries who may wish to come here would be have been identified through dialogue with the Local Authority agencies tasked with supporting those students in its area with disabilities.

In order to ensure that our data is up to date and accurate we will:

- liaise with the Local Authority so as to identify and therefore plan a response to students with a disability well before they arrive;
- improve the information dissemination from our Learning Support facility;
- implement a system that allows parents to inform us if they themselves have a disability;
- identify early on in their school career any obstacles to the effective learning of disabled students;
- use all available data to inform the planning of individual student learning patterns;
- use information supplied via previous LA Asset Management/Accessibility Audits to assist us to develop an action plan to reduce obstacles for the school/setting community.

## 8.3 Views of those Consulted during the development of the Plan

St Thomas's C E Primary School:

- ensure the development of the plan involves coordination with the Local Authority in line with the LA Accessibility Strategy and ensure that St Thomas's C E Primary School provides the best choices for students wanting to enrol here;
- consult the full governing body/SEND governor/relevant sub-committee;
- consult staff including specifically SENCo/Inclusion manager;
- set up a structure to allow the views of students, both able and disabled to be taken into account;
- survey parents/carers to ascertain their views on our provision for disabled students and any developments they feel would be of use to the students and also offer parents alternative ways of answering the survey;
- involve outside agencies who already exist to assist disabled students in their education and future careers;
- ensure the views of ALL those consulted are taken into consideration and the plan modified where reasonable to meet the needs of stakeholders;

## 9. SCOPE OF THE PLAN

### 9.1 Increasing the extent to which disabled pupils can participate in the school/setting curriculum

- to investigate how the access to those areas of the curriculum that are normally difficult for disabled students to access can be improved;
- to further investigate what support or alternative approaches can be adopted to increase the choice/participation of disabled students;
- to investigate alternative provision/routes and collaboration that will assist disabled students to learn including liaison with the LA Special Educational Needs and Disabilities (SEND) Statementing and Provision Team.

The school plans to increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or off-site visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum. The school will continue to seek and follow the advice of LA services, such as specialist teacher advisers and SEND inspectors/advisers, and of appropriate health professionals from the local NHS Trusts.

All staff who work with disabled pupils will receive appropriate and timely training. They will be guided by the SENCO and outside agencies (where involved).

Governors identify actions, in the school access plan to enhance teaching and learning opportunities for all those in the school community with disabilities. These may include:

- consideration of whole-school ways of increasing participation in activities such as before and after-school clubs, leisure and cultural activities, as well as off-site visits, particularly for difficult-to-include pupil groups, such as those with physical or behavioural challenges;
- how threats to participation have been analysed using risk assessment proforma and action taken to reduce those identified risks;
- identifying how classroom support arrangements, such as deployment of teaching assistants, provision of ICT, contribute to, and enhance learning opportunities;
- deciding how the implementation of specific strategies such as flexible or shared timetabling, nurture groups, counselling provision, access to therapy, first day absence response, have enhanced attendance and participation;
- consideration of how classroom/group organisation has been targeted to ensure that all pupils achieved increased levels of school success;
- consideration of the school response to pupils through the application of the SEND Code of Practice has improved pupil attainment and how effective communication regarding specific pupil needs has been achieved and is monitored;
- consideration of how liaison, increased communication and relationships with external agencies has supported and enhanced pupils' access to the curriculum and how this is monitored and improvements targeted;
- identifying how staff training needs in order to effectively meet the diverse abilities and disabilities of all pupils, including prospective pupils who may require manual handling, signing, personal hygiene support etc. has been identified and supported;
- identifying pupil peer support mechanisms and the ways that the school has ensured pupils have a voice in decisions that affect them;
- taking action to ensure that disabled members of the school community are seen in a positive light through publications promoting disability and providing positive role models of adults with disabilities to encourage success and achievement;

- ensuring that action has been undertaken to ensure that parents and carers see themselves as partners in their children's education and are increasingly willing to actively support their children's education;
- enhancing the positive culture and ethos of the school by undertaking quality marks or other additional intervention to improve the schools ability to include those with disabilities.

## **9.2 Improving the physical environment of the school/setting to increase the extent to which disabled pupils can take advantage of education and associated services**

- in consultation with the LA and the Diocese (where necessary and appropriate) investigate various improvements to the site;
- improve accessibility points to different curriculum areas;
- investigate ways of making the site more accessible to both disabled parents and adult users.

The school will take account of the needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings. This is required regardless of whether the school has pupils or visitors with disabilities and is preparation for a situation when they do.

The Governing Body regularly reviews the condition of the building and grounds of the school.

- St Thomas's C of E Primary School is on 2 levels. Access to the majority of school facilities are on one level. Separate plans are in place for children with mobility issues where they need to access areas on different levels.

Physical aids to access education are provided where it is deemed they would benefit a pupil, funding is secured through the LA (where this qualifies), the Diocese (where this qualifies) and the school's SEND budget allocation.

The Governing body consider and record reflection upon all areas of the physical environment such as:

- Changes to improve access to doors, stairs, toilet, changing facilities, and consideration of the impact of signs, colour schemes and colour contrast, lighting, heating etc.
- Changes outside of the school building e.g. provision of disabled parking etc.
- Management and organisation issues such as maintenance of lights, fire alarms appropriate to those with hearing impairments etc.
- Increased access to and maintenance of, auxiliary aids, ICT apparatus such as computer hardware/software.
- Improvement to the acoustic environment that might include installation of soundfields/hearing loop systems.
- Improvements of storage implications for wheelchairs and other mobility devices.
- Application and progress on capital funding for major access works funded by the Schools Access Initiative through the Local Authority, and details on schools funds delegation to support targets such as provision of suitable floor coverings, furniture and layout of the playgrounds.

## **9.3 Improving the delivery to disabled pupils of information that is provided in writing for pupils who are disabled**

St Thomas's Primary School will strive to:

- produce all school literature at the correct font size to help visually impaired students;
- investigate alternative ways of providing access to information, software and activities;
- investigate ways of communicating effectively with disabled parents and carers and other disabled adult users of the site.

The school plans to improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame. The school will make itself aware of local services, including those provided through the LA, for providing information in alternative formats when required or requested.

## **9.4 Financial Planning and Control**

The Head teacher with Senior Management Team, together with Governors will review the financial implications of the School Accessibility Plan as part of the normal budget review process. The objective is that over time School Accessibility Plan actions will be integrated into the School Development Plan.

St Thomas's Primary School will finance the plan by identifying costs and incorporating them into current and future budget commitments.

## **10. IMPLEMENTATION**

### **10.1 Management, Coordination and Implementation**

St Thomas's Primary School Leadership Team will undertake a disability audit using a cross section of staff, pupils and parents (refer to Section 7.3).

As a result of the audit, we shall:

- produce action plans, with definite time scales for the implementation of the actions implicit in the plan;
- plans to provides workshops so staff can understand and buy into the Accessibility Plan and not see it as a bolt on;
- present the plan to the governing body for their approval;
- modify the plan based on the views of stakeholders;
- review the plan and the associated action plans to see if milestones are being met. This plan will be reviewed and adjusted as necessary every three years.

### **10.2 Monitoring**

St Thomas's Primary School recognises that monitoring is essential to ensure that pupils with disabilities are not being disadvantaged, and that monitoring leads to action planning.

Governors may report to parents on the accessibility plan and identify any revisions as necessary. Evaluation that may be useful to judge success may include:

- success in meeting identified targets;
- changes in physical accessibility of school buildings;
- questionnaires, responses from stakeholders e.g. parents, pupils and staff, indicate increased confidence in the school's ability to promote access to educational opportunities for pupils with disabilities;
- improved levels of confidence in staff in reducing the obstacles to success for pupils with additional needs;
- recorded evidence that increased numbers of pupils with disabilities are actively participating in all areas of the school;
- recorded evidence that fewer pupils are being excluded from school opportunities as their needs are being more effectively addressed through the application of strategies and procedures;
- increased levels of achievement for pupils with disabilities;
- pupil responses; verbally, pictorially and written that indicate that they feel themselves to be included;

- Ofsted inspections that identify higher levels of educational inclusion.

### **10.3 The role of the LA in increasing accessibility**

Governors may comment in their report to parents on the impact (where relevant) the LA has had upon supporting the school to achieve successful implementation of their accessibility plan. This may include identifying how the LA has:

- provided training and awareness opportunities on issues regarding inclusion to staff, governors and parents and how this has been used in school to promote inclusion e.g. uptake of Dyslexia Friendly status, Inclusion Quality Mark, attendance on courses, use and adaptation of LA provided information, etc.;
- promoted collaboration through the provision of information aimed at sharing good practice;
- encouraged liaison between special and mainstream schools to share expertise and pupil placement;
- ensured that schools are aware of support services that provide advice to schools and staff;
- provided specialist help to identify ways forward in increasing the inclusion of all pupils;
- linked building adaptations to refurbishment and capital building works;
- informed schools how information can be provided in a number of different formats.

### **10.4 Accessing the School's Plan**

We will ensure that the plan is available in different formats where requested.

The school/setting will achieve successful implementation of the accessibility plan with continued support in the areas of:

- providing training and awareness opportunities to staff, Governors and parents/carers on issues regarding equality and inclusion;
- providing targeted training for particular groups of pupils/staff;
- promoting collaboration through the provision of information and the sharing of good practice;
- encouraging liaison between other local schools/settings including special schools;
- seeking support/advice from outside the school, from services, other agencies and organisations;
- ensuring that the school is aware of all support services that provide advice to schools and staff.

## **11. RELATED POLICIES**

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Curriculum Policies
- Single Equality Scheme
- Staff Training and Development Plan
- Governor Training Plan
- Health & Safety
- Inclusion
- Special Educational Needs and Disabilities, Local Offer Response & Information Report
- Educational Visits
- Whole School Behaviour Policy and Procedures
- School Development Plan
- Asset Management Plan
- Complaints Procedures

## **St Thomas's Primary School Accessibility Plan**

**Governing Body is free to delegate the approval of this Plan to a committee of the governing body, an individual governor or the Head teacher.**

## ST THOMAS'S PRIMARY\_SCHOOL ACCESSIBILITY PLAN 2023 - 2027

## IMPROVING THE CURRICULUM ACCESS AT ST THOMAS'S PRIMARY SCHOOL

Target	Strategy	Outcome	Timeframe	Achievement
Review TA deployment	Annual review to establish optimum use of TAs in support for children in school	Adult support is available during key times that individual children may need support i.e. lunchtimes, PE lessons, extra-curricular activities.	Reviewed Annually	Children who need individual adult support to participate in some activities have access to this support.
Revised training for all staff in teaching children with a hearing impairment.	Hearing Impaired Service to lead training in general understanding of the needs of a hearing impaired child.	All staff have clear understanding of the needs of hearing impaired children and how to ensure the curriculum is fully accessible to them.	Ongoing as children move through school	Hearing impaired children successfully included in all aspects of school life.
Training for staff in the identification of and teaching children with ASD and other specific learning difficulties.	All staff attend appropriate training. Outreach provision from external agencies. Use of National College training programmes.	All staff are familiar with the criteria for identifying specific needs and how best to support these children in the classroom.	Inset days and staff meetings – rolling programme	Children with ASD are successfully included in all aspects of school life.
All out of school and extra curricular activities are planned to ensure the participation of the whole range of pupils	Review all out of school and extra curricular provision to ensure compliance with legislation	All out of school and extra curricular activities will be conducted in an inclusive environment with providers that comply with all current and future legislative requirements	Reviewed annually	Increase in access to all school activities for all disabled pupils
Classrooms are organised to promote the participation and independence of all pupils	Review and implement a preferred layout of furniture and equipment to support the learning process in individual class bases	Lessons start on time without the need to make adjustments to accommodate the needs of individual pupils	Reviewed regularly	Increase in access to the School's Curriculum
Training for Awareness Raising of Disability Issues	Provide training for governors, staff, pupils and parents. Discuss perception of issues with staff to determine the current status of school.	Whole school community aware of issues relating to Access	Inset days and staff meetings – rolling programme	Society will benefit by a more inclusive school and social environment

## ST THOMAS'S PRIMARY SCHOOL ACCESSIBILITY PLAN 2023 - 2027

## IMPROVING THE PHYSICAL ACCESS AT ST THOMAS'S PRIMARY SCHOOL

An Asset Management Plan/Access Audit was carried out by \_\_\_\_\_ in \_\_\_\_\_ and a number of recommendations made:

AMP or AA Report Ref. (if relevant)	Item	Activity	Timescale	Cost £	Responsibility
	Provision of a lift to access the upper floors	<ul style="list-style-type: none"> <li>Lift access to be identified when needed</li> </ul>	Discussion to be held with Diocese when necessary	Provision of a lift to access the upper floors	
	Audit and review all security arrangements	<ul style="list-style-type: none"> <li>Consider new and extra cameras for CCTV</li> <li>New alarm system to be installed</li> <li>Extra fences to be installed where necessary</li> </ul>	2024-2025	Quotes will need to be obtained	
	Improving the visual environment for any pupils/adults with visual impairments.	<ul style="list-style-type: none"> <li>Incorporation of appropriate colour schemes when refurbishing rooms – seek advice from SEN Service and relevant pupils on appropriate colour schemes.</li> <li>Repainting of outside areas where necessary – particularly stairs from Junior corridor</li> </ul>	Ongoing		
	Decoration plans to take into consideration colour contrasts – particularly on doors and suitable floor coverings	Ensure that decoration plans in the future consider colours in relation to partially sighted pupils and suitable flooring for wheel chairs.	On-going		
	Improve acoustics in the hall lower the echo / sound levels particularly for those pupils for whom loud noise is a problem	<ul style="list-style-type: none"> <li>Explore options to reduce sound level and echo to make it easier to be heard in meetings/collective worship and to reduce noise levels at other times hall is in use – eg PE, Lunchtime etc</li> </ul>	Discussion with the Diocese for potential funding – Ongoing as funds will allow		

## ST THOMAS'S PRIMARY SCHOOL/SETTING ACCESSIBILITY PLAN 2023 - 2027

## IMPROVING THE DELIVERY OF WRITTEN INFORMATION AT ST THOMAS'S PRIMARY SCHOOL

TARGET	STRATEGY	OUTCOME	TIMEFRAME	ACHIEVEMENT
Availability of written material in alternative formats	The school will make itself aware of the services available through the LA for converting written information into alternative formats.	The school will be able to provide written information in different formats when required for individual purposes	Ongoing	Delivery of information to disabled pupils and parents/carers improved
Make available school brochures, school newsletters and other information for parents in alternative formats	Review all current school publications and promote the availability in different formats for those that require it	All school information available for all	Ongoing	Delivery of school information to parents and the local community improved
Review documentation with a view of ensuring accessibility for pupils with visual impairment	Get advice from Hearing & Visually Impaired Service on alternative formats and use of IT software to produce customised materials.	All school information available for all	Ongoing	Delivery of school information to pupils & parents with visual difficulties improved.
Raise the awareness of adults working at and for the school on the importance of good communications systems.	Arrange training courses.	Awareness of target group raised	Ongoing	School is more effective in meeting the needs of pupils.
The school takes further moves towards an electronic method of reporting to parents.	Electronic reporting methods are explored.	The school has explored electronic reporting methods and is knowledgeable about best practice.	Ongoing	The school is able to move forward with electronic reporting to parents.
